PROFILE

A highly motivated and detail-oriented Computer Science graduate with a strong passion for solving real-world problems through data-driven insights. Solid foundation in programming, statistics, and database management. Eager to apply academic knowledge and project experience to innovative solutions in a collaborative environment. Quick to learn new technologies and committed to continuous growth in the field.

SKILLS

- **Languages:** Python, SQL, Java
- **Frameworks:** Pandas, Numpy, Sci-kit-Learn
- **Tools:** Excel (Lookup, Pivot Tables), Powerpoint, Power BI
- **Platforms:** Google Colab, pyCharm, Visual Studio Code

ACADEMIC PROJECT

Profanity Detection in Filipino Social Media Using Transformer Models   **October 2024 - April 2025**
Thesis Project | New Era University

- Built a machine learning model using BERT and XLNet to detect and classify levels of profanity in Tagalog social media comments.
- Conducted data collection, cleaning, and preprocessing of over 10,000 comments from the Reddit platform using python.
- Applied NLP techniques and evaluated model performance using accuracy and F1-score.
- Deployed the model using Flask and integrated it into a prototype social media monitoring tool.

WORK AND INTERNSHIP EXPERIENCE

EGC Extreme Unreal Technology   **September 2023 - December 2023**
IT Intern
Contributed to game development by programming animations that brought in-game characters and elements to life. I also created 3D models, ensuring the game's visual components matched the design requirements. Additionally, I participated in Quality Assurance, testing the game to identify and resolve issues, improving overall gameplay performance.

McDonald's   **October 2022 -June 2024**
Crew Member
Ensured that customers received high-quality food while maintaining excellent customer service. I was dedicated to creating a positive dining experience by being attentive and responsive to customer needs. This role helped me develop strong communication and teamwork skills.

Government Internship Program (GIP) – Dole   **October 2021 - December 2021**
Intern
Assisted various individuals who sought help from government officials. I facilitated communication between the public and government representatives, ensuring that their concerns were addressed efficiently.

CERTIFICATION

2025   **Associate Data Engineer in SQL**
Datacamp
View Certificate

2024   **Career Essentials in Generative AI by Microsoft and LinkedIn**
Microsoft
View Certificate
